Mechanical Handling Services Global Ltd

ENGINEERS TO THE CANNING, BOTTLING & PACKAGING INDUSTRIES

Installation and Maintenance Assistance, MHS&G can supply all your labour needs

With over 50 years of experience we can fulfill your requirements both in the UK, Europe or World Wide. As an Installation Company we maintain high standards in all areas of our work: Servicing, Testing, Upgrading, Modification, Inspections and Repairs.

Mechanical Handling Systems

- Installation of mass pack, single track, air assisted magnetic and vacuum systems.
- Palletizing and roller packaging systems.
- Maintenance of all types of mechanical handling systems.
- Line modifications & upgrades.
- Surveys & Trouble shooting.
- Can Handling (Aluminum/Steel, Three Piece, Two/Three piece Aerosol, Filled)
- Bottle Handling (Glass, Plastic, Containers)
- Food Package Handling (Timber, Cartons, Crates)

We also have the ability to project manage installations, design required parts if required & use our sister companies to manufacture then deliver those parts to site A.S.A.P.

If you wish to discuss any projects, large or small please do not hesitate to contact us.
